Summer Session Opens with 1200 Students Listed

Many New Faculty Members on Hand to Care for Increased Classes—President Lamkin Talks to First Assembly.

Approximately twelve hundred students are now enrolled for the summer term which opened last week. Registration and payment of fees were conducted in a well-organized manner and by Wednesday most classes were functioning smoothly. Students and faculty are becoming accustomed to the five-day-a-week class plan with one regular off-period each day.

A thousand and fifty students are enrolled in the college proper with Mr. Rickenbrode and the conservatory enrollment will bring the total figures to something close to 1200.

This is about 200 less than the enrollment for last summer. In speaking at the opening assembly on the enrollment President Lamkin said:

"We have approximately 200 less than last year. This is not unusual and was not unexpected. Before the term opened we couldn't see how the enrollment could be as large as last year."

President Lamkin gave two reasons for the decrease in enrollment, namely, the number of bank failures in Northwest Missouri and the seemingly over-supply of teachers. On the first point he said:

"I can see why many, who have been affected by these bank failures, are unable to be in school. I hope though that these thousand students will go out with it clear in their heads that Northwest Missouri is still fundamentally financially sound. Let us do our part and help make this country safe financially."

On the teaching situation Mr. Lamkin declared that at present there are more people certificated in Missouri than there are positions but that less of these well prepared to teach. He said the last report of the State Superintendent of Schools showed that there were 23,899 persons teaching in Missouri and that 14,490 of them were teaching on county certificates. Last year 9,000 of them were in their present teaching position for the first time. Three thousand, four hundred and sixty-six of them had had no experience and 2994 of them had had less than one year's experience.

"The demand is coming for prepared teachers. Fifty-five hundred teachers were teaching on special certificates last year," Mr. Lamkin continued. "In planning your courses don't load up with too many professional courses the first year."

He spoke of the ethics of the profession and among other things warned the students against the practice of under-bidding to secure a position. He told them to keep their word and to realize that their obligation was (Continued on Page Four)

Eastern Star Club Organizes for Summer

Rosella Froman was elected president of the Eastern Star Club at its meeting held last Thursday to organize for the summer. Fourteen members were present.

Plans for a class of instruction, under the direction of Miss Pearl E. Peabody of St. Joseph, Past Grand Matron of Missouri, were made. Plans were also made for a Eastern Star and Masonic picnic.

All Eastern Stars of the College are invited to belong to the Eastern Star Club which will meet every other Friday morning at 10:15 in room 22.

Plan Reception For All Students For Friday Night

First All-School Affair of Summer, A "Mixer" for Students and Faculty to be Held Outdoors—Orchestra to Play.

The opening all-school party of the summer term will be held Friday evening on the lawn in front of the main building. If the weather is bad the party will be held indoors.

The faculty will be hosts at this affair which will be in the nature of an informal reception. Such a party will enable students and faculty members to get acquainted with those with whom they have no classroom contact, as well as to make possible a better acquaintance among those who have classroom contact.

In the receiving line will be President and Mrs. Lamkin, Mrs. Perrin, Mr. and Mrs. Wells, Dean Colbert and Dean Barnard. The faculty will be divided in groups with various ushers to acquaint faculty members and students. Punch will be served and the College orchestra will play throughout the evening.

The general committee in charge of the arrangements is composed of Dean Barnard, Miss Dow, and Miss Hopkins. Chairmen of the other committees are Miss Mather, Mrs. Perrin and Mr. Cook. The hours of this informal "mixer" are from 8 to 10. Every student is cordially invited to attend.

Tennis Courts May Be Finished Soon

Work is progressing rapidly on the new tennis courts. All the bricks have been laid and rolled and a layer of cinchers is now being put on. This layer will again be rolled following which the final three inch coating of gravel will be laid. Barring possible delays the courts will be in shape for playing within the next two weeks.

Leona and Gladys Pfander of Clarinda, Iowa, former students of S. T. C., visited the College Tuesday.

Popular Imperial Quartet Coming Here Next Week

Chicago Organization, Famed for its Harmony and Popular Programs, to Give Two Concerts Here Next Tuesday Afternoon and Evening.

The Imperial male quartet, one of the most popular and best-known quartets in the country, has been secured to give two concerts at the College, afternoon and evening of June 15. President Lamkin announced this week. The admission will be 50c for the afternoon concert and 75c for the evening concert.

The personnel of the quartet is as follows: First tenor, Thomas Fanelle; second tenor, Clark Shipp; baritone, Ben Q. Tufts; and basso, Oliver Johnson.

This organization is reputed to be one of the greatest of all male quartets and has been a continuous organization for the past forty years. During this time there has been but eighteen

The Imperial Male Quartet

men in the quartet. At all times it has stood for the best and most interesting of four-part male voice singing. It is the ideal towards which all other male quartets strive, for no other organization in existence has so perfected the art of unaccompanied male voice singing.

For the past decade, their time has been used almost entirely within the city of Chicago, singing more than 400 appearances per year, for many years in that one city. They probably hold the world's record as an organization securing return engagements. In 1922 they had more than six hundred applications for their services. This quartet has appeared on the programs of the Illinois State Teachers' Conventions annually for the past twenty-five years. For four years they sang as a choir in one church in Chicago. Last year they had to refuse more than two hundred applications and the College is fortunate to bring them to Maryville.

This quartet is noted for giving an entire evening of male quartet numbers, rather than a lot of solos. For once Maryville people can "get their fill" of the best in male quartet singing. Many have probably heard the singing of this group on the Victor records.

The complete programs for the two concerts have not been received yet but it is known that they will include the following:

"The Wind in the Chimney" (Descriptive Ballad)—Bret Hart-Parks
"Mother O'Mine" (Baritone Melody) Ernest

"The Church Organ" (Imitation Song) Ernest

Childhood Fantasies—

"The Shadow March"—Protheroe

"The Little Red Drum"—Field-Gibson

Negro Spirituals—

"Steal Away to Jesus"—Haynes arr.

"Swing Low Sweet Chariot"—Huntley arr.

Operatic Excerpts—

"Barcarolle" (from "Tales of Hoffman")—Offenbach

"I Dreamed I Dwelt in Marble Halls" (from "Bohemian Girl")—Balfe

"A Greeting" (Serenade)—Franz Abt

"O Wert Thou In The Cauld Blast"—Burns-Mendelssohn.

"Calm As The Night"—Bohm

Sacred Settings—

"Jesus Saviour Pilot Me"—Robinson arr.

"Golden Bells"—de Marbello

"The Peaceful Lake"—Schumann

"An Evening Song"—Franz Abt

Dorothy England Is Eurekan President

Dorothy England has been elected president of the Eureka Literary Society for the summer term. The other officers elected last Friday were: Vice-president, Stella Pettigrew; secretary, Lula Mae Curfman, and treasurer, Burdette Yeo.

There are many old Eurekans in school who expect to take an active part in the organization this summer. The Society will meet in its regular room, No. 303, on the first and third Fridays of each week at 10:15.

A peppy program is planned for the next meeting and every Eureka in school has been urged to attend. A picnic is being planned and the social committee has urged that all members attend the next meeting.

Social Scientists Name Everett Wright

The Social Science Club met Monday at the College. A business meeting was held and the following persons elected for the summer quarter. President, Everett Wright; Vice-president, Clarence Bush; Secretary, Mrs. Fitzmaurice; Treasurer, Irene Pence. A list of names were presented for membership.

Mr. Wallin gave a short talk on the social science prizes to be given. He said that the purpose of the Social Science Club was to stimulate study and accomplishments in the field of social science. He urged the students not to lose touch with social science activities after college days. He pointed out that men are making social inventions even if they do not get paid for it. As an example of such a man he mentioned Ben Lindsay, father of the juvenile court, who lives in a rented house on a salary of \$4000 a year. Mr. Wallin said that because of material gain few people were stimulated to do research work in social science. As an incentive to students the club is offering the Mrs. C. T. Bell prize to students doing research work in social science.

John Query To Chula

John Query who has been principal of the high school at Hopkins, has been elected superintendent at Chula for the coming year. John plans to be in school here this summer.

Dan Cupid's Aim Deadly-Casualty List Here Mounts

Champion Hunter of Hearts Cuts Wide Swath Among Former and Present Students—Several of the Newlyweds Now in School.

"In the Spring a young man's fancy turns to love," quoth the poet, or something to that effect. Evidently the fancies of many girls have been running in the same direction if Cupid's recent casualty list among present and former students is any indication.

In this materialistic age it has been said that "Two can live as cheaply as one," but Uncle Walt says that this means as cheaply as the bride has lived and not the groom.

The following list of marriages probably does not include all that have taken place but the publication of any more at one time might "unduly influence" some of the remaining single members of the student body. But here are a few of them.

Foster-Nelson

Grace Foster, B. S. '26, and Fred Nelson, B. S. '25 were married Sunday, May 31 at the home of the bride's parents, Mr. and Mrs. Henry L. Foster by Dr. C. C. James, member of the College faculty and pastor of the First M. E. Church. The couple will spend the summer on a farm, two miles west of Guilford and after September 1 will be at home in Spikard, Mo., where Mr. Nelson will be principal of the high school next year.

Both Mr. and Mrs. Nelson were popular students while in S. T. C. Mrs. Nelson won the gold medal offered by the Maryville branch, American Association of University Women for the senior leading in scholarship this year. Last year she was editor-in-chief of the Tower.

Dickerson-Newton.

Announcements have been received at the College of the marriage of Hester Dickerson, B. S. '25 of Bogard and James S. Newton of the same place. The wedding took place May 7 at Bogard. For the past two years the bride has been teaching at Gallatin.

Conn-Farrell.

Gertude Conn of Ravenwood, a former student, and Thomas E. Farrell of Miami, Fla., were married May 24 at the St. Joseph's Cathedral in St. Joseph by the Rev. C. F. Buddy. For the past three years the bride has taught at the Blair school in St. Joseph. Mr. Farrell was formerly a resident of Maryville.

Bullerdeick-Ramsey.

Euel M. Ramsey, B. S. '25 of Maryville and Esther Bullerdeick of Westboro, Mo., were married May 22 at Walnut, Iowa, by the Rev. Walter Kicker, brother-in-law of the bride. Mr. Ramsey was principal of the high school at Westboro and will hold a similar position at Sheridan the coming year. He is doing part-time teaching at the College this summer.

Brash-Ellis

Ernest Ellis, of Maryville, former S. T. C. student and popular basketball star, was married to Emma Adolphine Brash of Maryville, May 28 by the Rev. Father Henry F. Niemann. After a wedding trip to Colorado the couple will be at home in Maryville where Mr. Ellis is employed with the Tolles Clothing Co.

Johnson-Thomas

Announcements have been received at the College of the marriage of Lena Johnson, B. S. '25 to C. Garland Thomas. The wedding took place at Kansas City, Saturday, May 8. Lena has been teaching in the high school at Ava, Mo., the past year.

Rodman-Skidmore

Pauline E. Rodman of Skidmore and William J. Skidmore of Philadelphia, both former students of the College, were married May 29 at Maryville by the Rev. R. A. Mitchell of the M. E. Church, South. The couple will make their home in Philadelphia.

Bueby-Simmerman.

Florence Edith Bueby, a former student, and Christian J. Zimmermann of Maryville, were married May 25 at the St. Mary's Church in Maryville by the Rev. Father Richard Felix. The couple are now at home on a farm six miles east of Maryville.

Announcement has been made of the (Continued on page three)

Tower Staffs Wants Coupons Turned In

All Tower coupons for the 1927 Tower must be turned in during the summer quarter in order to receive proper credit, according to Doris Ewing, business manager of the 1927 Tower.

The exchange of the Tower coupon for the Tower receipt, does not in any way obligate the holder to make further payments upon the Tower. These coupons may be exchanged at the Tower office, in Room 218, between 3 and 5 o'clock each day, until Friday, June 18.

The Tower Staff urges that all students exchange their coupons for receipts, and in this way help produce the Tower of 1927.

Library Expands To Take Care of More Students

Room 114, Formerly Girls' Gym, Now Used for Study Purposes and Room 113 Fitted up for Recreation Room—Seventeen Students on Staff.

In order to meet the needs of the student body of S. T. C. for the summer, some additional library facilities have been provided. Room 114, on the first floor, which was formerly used as the girls' gymnasium, has been fitted up for a reading room. It has tables and very comfortable chairs and is a quiet place to study. This room is in charge of Miss Artie West. Miss West has done library work here previously and is welcomed back by the students.

The room is cool and well ventilated. It is supplied with dictionaries and more tables and chairs will be added. This room is intended for the use of students not doing library reference work and many students are taking advantage of it, thereby relieving congestion in the library and halls. The library is to be used by students doing reference work. Much better library service can be given by students cooperating in the use of the reading room and the library.

Room 113, just east of the reading room is also fitted up as a recreation room. Students who do not care to study for a few minutes are invited there to chat with their friends and enjoy a bit of sociability.

Seventeen students now comprise the library staff.

Two Talks by Dr. Keller

Dr. Keller gave an address at a community meeting at Antioch Sunday morning, driving there after giving his lecture to the College Sunday School class at the Christian Church. From Antioch he was driven to Rosendale where he delivered an address in the evening.

Coupons for Summer Quarter, 1926

Incidental and activity coupons for the summer quarter 1926, are good as follows:

- No. 1. For the incidental fee.
- No. 2. For locker rental.
- No. 3. For Green and White Courier.

The coupon must be filled out with the name and address of the person to whom the paper should be sent and deposited in the box at the door of Room 212.

- No. 4. For payment on the Tower. This coupon may be used as payment of one-third the cost of either the 126 or 1927 "Tower." The publication is under different management every year, and care should be exercised so that credit will be given on the book desired.
- No. 5. For athletic events. Good for admission to all inter-collegiate athletic events under College auspices during the summer term.
- No. 6. For any one of the following:
Baseball with Warrensburg July 8, 9, 10.
Imperial Male Quartet—June 15.
Cecil Fanning (baritone)—July 12—evening program.
W. L. Granville (English Actor)—July 19—evening program.

- No. 7-8-9. "Minor coupons are good for the following:

- No. 10. For hospitalization. If in need of it the student will present the coupon to the St. Francis hospital, which will furnish hospitalization (not physician or medicine) as long as the student is enrolled, not longer than the end of the term.

Note—Two programs, matinee and evening, by the Imperial Male Quartet, June 15, and two by the English Actor Granville, July 19. Minor coupons admits to the matinee and Major to evening program. (General admission to picture shows during the summer will be 25c to adults and 15c to children.)

Swimming, Base Ball, Tennis in Summer Sports

Extensive Physical Education Program Planned for both Men and Women—Mules Coming here for Baseball Games Next Month.

Intra-mural sports to start within the next few days will feature the men's athletic program for the summer. There will be tournaments in tennis, both singles and doubles, horseshoes, singles and doubles, volley-ball, basketball and a track meet in which anyone may enter.

There will be, for the first time in many years, inter-collegiate baseball at S. T. C. Practice will begin for varsity berths as soon as the uniforms arrive. Games with several M. I. A. A. teams have been scheduled and the Bearcats hope to hold up the reputation attained in other branches of sports this past year.

Watch the bulletin board for further announcements concerning inter-mural sports and be ready to sign up for the one in which you are most interested.

An extensive physical education program for women has been planned for the summer session. This program starts with swimming classes at 6:30 in the morning in the College pool and continues until 4:10 in the afternoon. Among the courses offered are health and play, corrective gymnastics, organized games, coaching, folk games, folk dancing, and general gym. Swimming is offered every hour of the morning and a 1:20 in the afternoon.

The men of the College use the swimming pool in the afternoon after 2:15 for classwork. The pool is open for recreational swimming on Monday, Tuesday and Friday mornings at 10:15. The pool is open to women on Saturday morning and to College men on Saturday afternoons. The evening schedule has not been announced yet.

Assembly Enjoys Faculty Musicians

The Assembly program Wednesday was given by the members of the Conservatory of Music faculty. The students enjoyed every number as was indicated by their generous applause. Mr. Annett played "The Bridal Procession," by Greig and responded with a short encore. Mr. Bronson sang a group of three songs, "The Great Adventure," by Branscombe, "The Restoral," by Franz, and "Blow, Blow, Winter Winds," by Quilter. Miss Dvorak was generously applauded with her violin solo, "Round of the Goblins," by Bizzini, and responded with two encores.

Dr. Keller reports the enrollment heavier than common in his advanced education classes.

"We will never bring disgrace to this, our College, by any act of cowardice or dishonesty. We will fight for the ideals and sacred things of the College. We will revere and obey the College laws and do our best to incite a like respect and reverence in others. We will transmit this College to those who come after us, greater, better, and more beautiful than it was transmitted to us."

SERIOUS STUDENT BODY
If Mr. Cook's classes are any indication the group of students here this summer are a serious, hard-working bunch wanting to get the most of their summer work. Mr. Cook said that last Tuesday he didn't have a single absence in any of his classes, which range in size from thirty to ninety-five. If this is indicative of other departments it speaks well for the student body.
Only one person is the loser when a student cuts classes—and that is the student.

A BI-WEEKLY COURIER
Beginning with this issue and continuing through the summer term the Green and White Courier will be published bi-monthly. This change has been made feasible for several reasons. Some news in this Courier may appear be "stale." No Courier was published last week because of the opening of the term. The week before considerable news was left out because of lack of space and some of it is used in this issue. Much news has been forced out of this issue by lack of space.

Organize Summer High School Work

The College High School has been organized for the summer quarter. Two unit courses consisting of three quarters in American history and three quarters in geography are being offered. Those courses are for the benefit of those who come from a bi-semester plan and will enable them to transfer credits without loss.
Other courses are mainly for irregular students who are enrolled in the College High School and for those who wish to finish in three years and two summers.
High School Assemblies are held at ten o'clock on Thursday. In this assembly general announcements will be made, subjects needed by students which are not offered in the regular course will be discussed, and social and recreational projects will be carried out.
The practice teachers and their subjects are:
American history, Mae Cannon, Dorr Ewing, W. K. James
Geography, Vernon Goslee, G. O. Riley, Carl Ferguson.
Mathematics, Edna Buckley, Mabel Hale and Esther Currie.
European history, Jean White.
Home Economics, Clota McCoy.
Typewriting, George Newman.
English, Ruth Houchens and Inez Andrews.

Private Dramatic Lessons Offered
Arrangements have been made by the College to permit Miss McClannahan, of the faculty to give private lessons in dramatics to a limited number of students this summer. The instruction is designated to develop personality, poise and power of expression of the individual by training in voice, vocal expression, pantomime and dramatic thinking.
The tuition will be the same as private lessons in the Conservatory of music. One lesson per week for the quarter is \$12 and two lessons is \$24. The same credit system as in the Conservatory prevails. Those interested should see Miss McClannahan.

Newman Club Gets \$1000 From K. of C.

The Newman Club has recently been the recipient of several fine gifts. Chief among these was a gift of \$1000 donated by the state convention of the Knights of Columbus. This will enable the organization to keep one girl in school each year. The plan is to furnish the girl's expenses to the girl who will give her personal note for the sum used. The note will not bear interest and will be payable in five years. This assistance will be given to any worthy girl regardless of church affiliation.

David Nicholson to Teach at Flat River

David Nicholson, a graduate of the 1926 class of S. T. C. will be principal of the Junior high school at Flat River, Missouri, this coming year. The Flat River Junior High School has a separate modern building and nine teachers including the principal. Besides his supervisory work Mr. Nicholson will teach history. Mr. Loomis will be superintendent at Flat River next year.

Newman Club Party.

The members of the Newman Club gave a party Thursday evening for the summer school members and the girls at the house. A musical program consisting of a piano solo by Margaret Quinlan, an instrumental solo by Lola Tillet, a vocal solo by Helen Hankins, and several violin numbers by Miss Dvorak were given. After the musical program the guests were divided into four groups according to the season in which their birthdays occurred. Each group put on a stunt. The one chosen as the cleverest was Henry Field's broadcasting station which was put on by the winter group.

Refreshments of punch and wafers were served.

Those present were: Sara Boone, Sara Harrington, Francis Mahan, Margaret Quinlan, Mrs. Myrtle Quinlan, Helen Henkina, Mary McFarney, Margaret Riley, Nova Kelley, Mae Sturm, Rita Fisher, Alice Lawler, Alice Hall, Esther Busby, Dorothy Busby, Mattie Lawler, Lawrence Sherlock, Frances O'Donald, Nina Merrigan, Bernard Conway, Elizabeth Allenbrand, Maudie Preston, Charlotte Halman, Ruth White, Clara White, Bessie Haskell, Gertrude Sturm, Lola Tillet, Miss Dvorak and Miss Katherine and Margaret Franken.

Announcement has been made of the approaching marriage of Dorothy Bridgman, of Bigelow, a former student here, to Bennett Martin of Lincoln, Neb. The wedding will take place June 19 at the bride's parents in Bigelow.

Sager-Herbert.

Edna Sager of Stanberry, a graduate of S. T. C., and George J. Herbert of Wilkes-Barre, Penn., were married May 30. The bride has been teaching English in the Manual High School of Kansas City. The couple will reside in Wilkes-Barre where Mr. Herbert is associated with the Wales Adding Machine Co.

Bronze Letter Club Makes Summer Plans

The Bronze Letter Club met Monday evening in the recreation room of the College.

Doy Carr explained how the Bronze Letter pins might be secured by the members who have not been able to get one. These have to be ordered and those who want to buy one should leave an order and the money with Doy Carr.

Membership in the club was explained for the benefit of the new winners. All those who are winners in the Inter-Society contests are members of the club and should be attending the meetings.

Three of the Literary Society advisors, Miss Bowman, Miss Terhune, and Mr. Leeson were present. Each gave some helpful suggestions regarding plans for future meetings.

The following committees were appointed for this term: Social committee, Ruby Goodwin, chairman, Irene Pence, Clarence Bush and Lorene Hartley; entertainment committee; Loraine Maxey, chairman, Wilson Craig, Louise Youngman and Mr. Leeson.

Doy Carr was appointed chairman of a membership committee with instructions to choose at least two helpers.

The Club plans to hold two more meetings during the quarter. These will be social affairs largely but an effort is being made to work out some standards for the club and literary societies.

After the business session there was a short social session and refreshments of sandwiches and lemonade were served.

Announcements concerning future meetings will be made in due time. All Bronze letter members are wanted, needed and urged to come.

Herbert Stevens Shows Promise As Plea Lawyer

S. T. C. offers no courses in jurisprudence. But it does, afford opportunity for actual legal practice, especially in pleading cases. Herbert Stevens will vouch for that. So will Floyd Billingsley. Even Guy Canaday will admit it when cornered.

But Stevens lost his first cases before the bar of justice.

It all happened like this:

Billingsley started to College one day last week and picked up a bunch of his boy friends on West Third to give them a lift. At the intersection of Fourth and Mulberry streets he failed to see a stop sign—but a cop didn't fail to see him.

Billingsley was told to "tell it to the judge" and was hailed into Judge Johnson's court. Stevens did the generous thing and agreed to act as counsel for the defendant.

What a wonderful plea Stevens made in behalf of his innocent client. The judge even admitted privately afterwards that it would have melted the heart of a cast iron Indian. With tears streaming from his eyes he argued that his client should be acquitted from the

unjust charge. "Not one man in ten," he declared, "would see that stop sign. It looks exactly like a gasoline sign-board."

Judge Johnson listened in respectful silence to the young lawyer's earnest plea.

The judge was visibly impressed and made only one brief statement. "One dollar and costs."

Stevens had done his job and it was well done. The fine was on Billingsley and the drinks on Guy Canaday—for it was he who suggested that the party in the car come back to the Maryville Drug for drinks which caused Billingsley to switch off Third street onto the stop street.

Clearmont Has Many In School Here Now

Clearmont has many in school this summer. Those who are attending are:

Viola Brandt, Martha Brandt, Gladys Hornbuckle, Irene Pence, Berniece Beam, Crystal Holbrooks, Addie Carpenter, Dola Holmes, Day Baker, James Johnson, Burl Beam and Raymond Beam. Other Clearmont graduates who have attended and graduated from the Maryville State Teachers College but are now attending school elsewhere are: Charles Wallace, attend the University of Missouri, and Hubert Garrett attending the University of Nebraska. The Clearmont class of 1926 is planning to enter college here this fall.

Ruth Anne Sutton and Lorraine Sutton, nieces of Mr. and Mrs. Loomis, are spending the summer at the Loomis home and attending college here.

Leaders---

Leadership

In every community there is always an outstanding factor or business containing an element of leadership by which all other things similar are judged.

In Maryville clothing circles it is the Montgomery Clothing Store. But with leadership there comes a responsibility to the public—or it will not survive.

In such a store you will find

- LEADERSHIP IN SHOPPING CONVENIENCES
- LEADERSHIP IN CUSTOMER SATISFACTION
- LEADERSHIP IN STYLE
- LEADERSHIP IN VARIETY
- LEADERSHIP IN QUALITY
- LEADERSHIP IN VALUE
- LEADERSHIP IN SERVICE
- LEADERSHIP IN PRICE RANGE

These things we constantly strive to maintain.

The Stroller

By ? ? ? ?

The Stroller is back in school again this summer in all her glory. Strolling has been wonderful so far this summer and many amusing sights have greeted the eye.

But the Stroller has her troubles for the Hon. Ed. of this great paper issued the "boil it down" edict this week. The Stroller can't have but half a column this issue so the most important must come first.

Because of the inclemency of the weather and the severe illness of her favorite Cat, the Stroller didn't get to go to Clarinda with the Eurekaans. But he has informed herself as to what happened to one ear.

It seems that thirteen Eurekaans have had such a store of experiences that they are quite ready to compile an authoritative work entitled "The Necessary Evils Accompanying Night Travel in the Mud."

These Eurekaan artists left Maryville at 5:30 p. m. enroute to Clarinda for broadcasting purposes. Immediately upon their arrival they hastily visited the insane asylum but unfortunately all thirteen had unusually high I. Q.'s.

The program was considered very good for amateurs, especially the silent side show. It is to be deplored that the radio fans were unable to reap the benefit of these unforeseen side shows, because they proved to be the cream of the evening. (Other moisture was added later). The driver seemed to have a very intimate friend, a Mr. Cass, of whom he spoke frequently.

They started back at 10 o'clock and then it rained. Speak not to these unlucky unfortunates of the glories of Iowa roads. They know! This beautiful sticky gumbo has unequalled adhesive qualities. The fact of the business is that the mud rolled up on the wheels till they couldn't move forward, backwards or sideways. Then the honorable chauffeur came to the rescue.

After some slight preparation such as the removal of one silk shirt, tie and collar, the assention of two trouser legs and the affixing of two rubbers, he projected himself out into the driving storm (only thing that was driving). He clawed the mud from the two hindmost wheels and a progress of a hundred yards was made—and so far into the night.

After this mud punching exercise had been repeated several times by the various artists a rest was called. Miss Manley's course in plays and games was very helpful at this time. "Bean Porridge Hot" was voted the favorite game of the evening. Other games requiring great mental skill were "Simon says thumbs up," and "Hide and Seek."

Then the monoxide gas from the exhaust created an unhealthy atmosphere. This unlucky gas attack almost annihilated the "moral support" of the crowd. She, the moral support, gasped for breath, and rain was poured on her face to revive her. Soon another member became ill, a man this time. They were beginning to think all was lost when lo, there was a great light over the Southern horizon.

Two hours of anxious waiting followed. A car was coming, help was nigh. They arose, as far as the car top would permit, and sang the doxology lustily. The car was a truck, but it stopped not, neither did it honk.

Then they found the other car, stuck too. The most dignified and temperamental artist helped the other car out and they proceeded, but the other seven remained. They had gone ten miles in seven hours, five minutes and ten seconds Central Standard Seed House Time.

Much more might be told of hay rack rides, the cleaning up process and a delicious breakfast served at Burlington Junction. For further particulars see any College Instructor who had difficulty in keeping certain Eurekaans awake "the morning after the night before."

Club Plans For Interesting Summer—
Mr. Hawkins to Address Club June 18

The Master Masons of the College, following a custom of the past several years, met last Thursday and organized the Masonic Club. Eighteen members were present at this meeting which elected Paul Chappell, president, Ed Adams, vice-president, and Richard Kirby, secretary-treasurer.

Mr. Hawkins of the faculty, perhaps the oldest member of the Masonic fraternity now in school, will speak to the club at its next meeting June 18. Mr. Hawkins will have a message of interest and a big attendance is expected.

An interesting series of programs is being planned for the summer. All Master Masons of the College are urged to affiliate with the Club and to attend these meetings.

Sam Evans Speaks To Y. M. Tuesday

Association with the Y. M. C. A. bring and binds together some of the best things in life, Sam Evans former leader of the Y. M. here and now law student of the University of Missouri, told members of the Y. M. C. A. in a talk before the Association last Tuesday.

The program was opened with the singing of "Onward Christian Soldiers." W. J. Swisher was devotional leader.

Evans told the members how valuable his association with the Y. M. C. A. had been to him. "It brings one into contact with the best men," he continued, "and is valuable because of the Christian guidance."

"All along the way of life, God has placed plus and negative signs for the checks and balances of the world. The Y. M. C. A. is a plus sign for all men."

TWO GIRLS MAKE ALL E's SPRING QUARTER

The honor rankings for the spring term went to two girls, President Lamkin announced at Assembly Wednesday morning. Carry Bean and Ruth Hughes, both carrying excess work, made five E's each during the spring quarter.

For the short course Mary Dyer and Gene Freeland both made E's in all the work they were carrying.

SUMMER SESSION OPENS WITH 1200 STUDENTS LISTED (Continued from Page One)

binding when they accept a position.

Old Teachers Back

Several additional faculty members have been secured for the summer session and a few, who have been on a leave of absence for the past year, are again on the job.

Miss Fisher, who has been attending Columbia University, New York City, is again with her classes in industrial arts, basketry, weaving and the like. She was working on her Masters' degree in New York.

Mr. Miller is back with us teaching his public speaking classes and received a big ovation at his appearance during the first Assembly last week. Mr. Miller has spent the past year on his fruit farm in the Ozarks for the benefit of his health. During this time he has written much for magazines and newspapers.

Mr. Bert Cooper is back now meeting his classes. For the past year he has been working on his Master's degree at Harvard and was late in getting away due to the Harvard examinations being held last week.

Miss Fox, of the physical education department, who was absent during the spring term, is back with her classes for the summer session.

New Faculty Members

Ten new faculty members are here this summer to care for the additional students and additional classes. Some have taught at S. T. C. before and others are here for the first time.

Mrs. Helen McGregor Cooledge of Fort Worth, Texas, is assisting Miss Anthony in the home economics department.

Miss Helen Anderson, instructor in art at Stephens College, is teaching in the art department this summer.

Miss Lois K. Hally, social science professor in the State College for Women at Columbus, Miss., is teaching history here. Miss Hally has taught here before.

Miss Christie Jeffries, who has taught penmanship in Spokane, Wash. the past year is teaching in the commerce department. Miss Jeffries' home is in Odessa, Mo.

Miss Catherine H. Slosson of Newkirk, Okla., is teaching English composition. She spent the past year taking graduate work at Columbia University, in New York City.

The Rev. Wm. Dewar, pastor of the Presbyterian Church is teaching Bible. He succeeds the Rev. S. P. Allison as instructor of Bible courses.

Mr. R. A. Wells is teaching mathematics at Park College, Parkville, Mo.

Mr. Wm. J. Jensen of the Rolla School of Mines, Rolla, Mo., will teach physics.

Miss Blanche Higgins of St. Louis, is assisting Miss Manley in physical education. Miss Higgins was here last year.

Miss Artie West of Clinton is assistant to Mr. Wells in the library. Miss West has also been here previous summers.

A total of 248 classes are being offered this summer and every available room at the College is in use for the morning classes. Most classes are well organized now, permanently located in suitable room for the summer.

See "The Bat" this week.

Palmer Victorious In Tennis Matches

Tennis players from Palmer College, Albany, were victorious in three of four matches played against State Teachers College tennis club members last week. Rain made it necessary to play the matches in the Maryville High School gymnasium. The Maryville team was victorious in but one match, tennis doubles for girls. Misses Roberta Cook and Marie Chandler won from the two Albany girls, 4-6, 6-2, 6-3.

In the two single matches for boys, Glenn of the College was defeated by E. Saunders of Albany, 6-2; and Ferguson was defeated by V. Saunders, 6-2.

In doubles Donald Dowell and Everett Pierpoint were defeated by the Saunders brothers, 6-3, 6-4.

Opera Again Pleases

A fair sized crowd was present at the second presentation of the musical opera "Chimes of Normandy." This opera was first given during the Spring Music Festival and was one of the most enjoyable programs given. Russell Alan, playing the part of the old miser, was again the favorite with the crowd.

Yehle Dry Goods Co Welcome Summer Students
